*The front couple let go of their joined middle hands (but not the back couple)*

5 – 8 Walk forward right, left, right, left (outside couple lead with left foot).  
*While walking forward the front couple peel off to the left and to the right accordingly walking around the back couple as they walk forward. Join hands again. The couple that were at the back are now leading*

## **[9 – 16] WALK FORWARD AND CHANGE PLACES**

1 – 8 Repeat steps 1 – 8 above and everybody is back in their original places.

## **[17 – 24] WALK BACKWARDS AND UNWIND**

*The back couple are now in front with their left arm wrapped around their body (right arm for outside couple)*

5 – 8 Front couple only unwinds 1 full turn turning to the right for the inside person - to the left for the outside person, stepping right, left, right, left (the back pair walk on the spot).
